Family comes first

Your Will is first and foremost a way to care for the people closest to you and make your wishes clear.

After providing for family and friends, you may choose to carry your care for the ocean forward.

A gift to Ripple Effect Charity can help restore coastlines, regenerate marine habitats and protect ocean life for generations to come.

You do not need to be wealthy. Gifts of all sizes can help.

Looking after the people you love comes first. Your values can live on too.
